

Meet the Crew of *High Ambitions*

Captain Deco Amirn

Captain Amirn, young as she is, is a veteran cruise captain with at least 4 years of experience flying “colorful characters” around the galaxy on luxury adventure cruises. An expert pilot of large ships, and owner of the enterprise, she has a motto: “Don’t ask the clients too many questions, and don’t answer any questions about the clients.” Like most of the crew of *High Ambitions*, Captan Amirn is Coreellian.

First Mate Chobbond Crash

First Mate Crash is a loyal and reliable partner to Captain Amirn. He’s always ready to cover for her on the bridge, or lend a copilot’s hand when needed. While not officially part of the hospitality crew, he’s always happy to help them out when needed, too.

Bosun Shaybrus Tydra

As bosun of *High Ambitions*, officer Tydra is responsible for maintaining her hull, mechanical systems, electrical systems, computer systems, deflector systems and generally all things “tech”. Tydra is a veteran of more than one navy, and a number of privateer outfits (*the less we know, the better!*) There are very few problems with a ship that our bosun hasn’t seen before. We believe he can handle almost anything.

Coms Operator Fazommail Viesh

Operator Viesh has been with us for over 2 years. She's as quick as a Class I Hyperdrive at her console. With a highly trained super-professional demeanor, and a clear and concise vocal style, she's become an invaluable member of our crew.

Dr. Nan Leadrel, Ship's Physician

Dr. Leadreal has multiple certificates in advanced medicine, psychology, and xenology. She's a member of the crew that we're both very grateful to have and hopeful we never need. Dr. Leandreal is a military vet and an amateur pilot. Also Corellian, she's been with us for almost our entire history, over 4 years. She's always happy to chat with any passenger about any subject, so don't be shy if you want to pay our doctor a casual visit while you're on tour with us.

Security Officer Zomos Vasson

A clawdite who handles all manner of security issues (internal, external, cyber). She is here to protect our passengers and crew from intruders and unwanted entanglements from authoritarian regimes.

Security Officer Dozlek Naikki

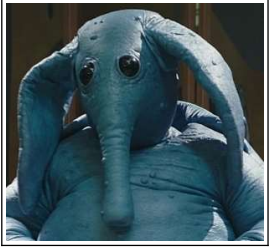

Officer Naikki, a former Gand findsman, reports directly to Officer Vasson. He is trained in multiple forms of protection protocols. If at any point during our cruise you feel your security is at risk, please don't hesitate to reach out to either security officer for assistance.

Hospitality Crew

Gav Braardasn, Bartender

Corellian mixologist Gav will be happy to pour you a tall potent drink, tell you an off-color joke, or listen to your troubles. You can confide in him with complete confidence. He promises he wakes up every day forgetting yesterday!

Oobraq Totar, Chef

Our favorite Ortolan chef is back this year with new recipes he's picked up from all over the galaxy. He specializes in Hutt-pleasing cuisine, but is ready to serve any palate. If you have any food allergies, dietary restrictions, unusual nutritional requirements, or special requests for our chef, please do not hesitate to ask. We request all passengers submit this information at least 2 full cycles before the cruise departs, so that we can ensure the chef has only the freshest ingredients (or the most aged, as the case may be).

Ryg Binn, Cruise Director

Lastly and most importantly is our cruise director, Ryg Binn. She is an expert in booking fun excursions for all of our guests, organizing party games, and running down whatever pleasures and distractions your heart(s) may desire.

Please be sure to fill out all necessary waivers for any hunting safaris, gladiator arenas, diving expeditions, and any other extreme sports or illicit activities you wish to participate in well ahead of time.

Ryg will be happy to put you in contact with our Pantoran legal team and Muun insurance underwriters if you need any additional assistance with this.
